

STRAMIT®

STANDARD STEEL COLOUR RANGE

STANDARD COLOURS

PREMIUM FINISHES

COLORBOND® ULTRA STEEL

COLORBOND® Stainless Steel

COLORBOND® Metallic Steel

The COLORBOND® preprinted steel colours shown here have been reproduced to represent actual product colours as accurately as possible. However, we recommend checking your chosen colour against an actual sample of the product before purchasing as varying light conditions and limitations of the printing process affect colour tones.

Stramit Building Products offers the full range of COLORBOND® preprinted steel colours, providing endless design possibilities and the ability to mix and match colour schemes for roofing, wall cladding and guttering. Many colours and finishes are kept in stock for fast manufacture and delivery. However, some colours and finishes require longer lead times and, in some cases, minimum order quantities.

Check with your Stramit Building Products representative before ordering. *Note that not all products are available in all finishes.*
